

Boston 20 June 1854

My dear Sir,

I send you \$27. for
vol. 1. Exploring Exp. Bot. Herb.
& Atlas; the letter not yet out.

Opening the volume casually
I observe that under Begonia
you allude to Paxton's Bot. Mag.
as a book not acceptable to you.

You will find it in my
library in the bookcase between
the window & fireplace. The
plant is figured in Vol 12. 73
not vol 11. 73.

Yrs sincerely

A. Lowell

Dr Gray.
